# ***Self Deceit***

## **Meaning:**

Self deceit means a person is deceiving himself by not facing the reality/truth. Such a person is an escapist in a way. They don't accept their mistakes as there is hardly any sense of realization. This concept is applicable to the day to day life, to the relationship area, to his health, emotions, communications and every other aspect which is directly or indirectly connected to the middle or the social zone.

## **Root Cause:**

When a person is not acknowledged or appreciated for all the good actions performed by him, he starts feeling that the achievement was not a big deal. As a result of this his motivation to do better things drops.

# ***Zones and Signatures***

The combination of zones and signature is the key to understanding why some people don't get the desired results in spite of putting in all the efforts in the right direction.

There are numerous cases where people have well balanced zones individually or all three at a time, yet they struggle. Let's see the various situations that arise in such cases.

- ❖ A person is very intelligent and highly qualified yet does not experience professional success.
- ❖ A couple is medically fit yet not blessed with a baby.
- ❖ A person has number of friends and relatives however feels loneliness in life.
- ❖ A person is very hard working and efficient however does not experience the financial fruits.
- ❖ A person is blessed with inner and outer beauty however, Mother Nature does not grant her with a life partner.
- ❖ Why some deserving and talented people don't get the due name and fame.

**Now let's understand how zones and signatures are related to each other for meaningful and sustained success and happiness of all human beings.**

- ❖ As the upper zone qualities/virtues viz. knowledge, wisdom, patience, maturity, spirituality, forgiveness, acceptance etc.. are all feminine traits, for a person to get positive results for his upper zone qualities he must have a legible, capital and correctly positioned female image in the signature. The female image symbolizes the blessings of all the Goddesses and the universal feminine energy in various forms.

- ❖ As the lower zone qualities namely physical strength , sexual drive, physical efforts for money, adventure, physical sports, etc... are all masculine traits, for a person to get the desired results such as financial success, sexual satisfaction etc... he needs to have a legible, capital and correctly positioned male image in the signature. The male image symbolizes the blessings of all the Lords and the universal male energy in various forms.
- ❖ The success of a strong middle zone depends on the presence of both the male and female image as well as a legible and correctly positioned surname in the signature.
- ❖ It goes without saying that a person must have his self image intact and in capitals for him to reap the benefits of all his endeavors.

- ❖ Hello friends.  
"Know your subconscious through your Handwriting" Read this line and got inspired to join the Graphology training batch under the expert guidance of Mr. Pradeep Kirpalani. As the training progressed I was able to see a lot many things about myself through my own handwriting as if I was able to see and read what is inside my brain, my subconscious. The positivity in me made me feel good but the negativity made me think and analyze as to what was the root of my negativity and so decided to rectify it through the beautiful process of 'Grapho-Therapy'. Grapo-Therapy really worked wonders for me. The shy, introvert me now felt confident. I could really get over my fears easily through it and discover the real talent hidden inside me. I can now express myself easily and ask for what I deserve which was a major hurdle for me previously. Further the International Certification course increased my depth of understanding myself and the ones I love. Thanks to the efforts of Pradeep Sir and Shweta Madam I actually know who I am and what my purpose in life is.....Graphology for me is 'Self Realization' where your Handwriting is Your Guru who speaks the truth about 'YOU'

- ❖ Hello Friends,  
"I was finding myself in the middle of the road category for most of my life, which was very much frustrating for me and I desperately wanted to break the shackles. The Graphology course (Indian and international) along with Grapho-therapy has helped me to break the shackles and make the way for myself and convert passion into profession after working for MNC's for more than 10 years. I consider myself the most fortunate to get associated with RMC first as a student and then as a center head. Looking forward to go a long way with RMC"
